CERTIFICATIONS, APPROVALS AND TECHNOLOGY

The following icons are used throughout the catalog to illustrate military certifications and approvals as well as the high-performance materials used in our boots.

US AIR FORCE FLIGHT APPROVED

US ARMY FLIGHT APPROVED

USMC CERTIFIED

USMC FLIGHT APPROVED

US NAVY CERTIFIED

US NAVY FLIGHT APPROVED

US NAVY FLIGHT DECK APPROVED

Belleville offers many styles of boots that comply with the Berry Amendment which requires that 100% of the labor and 100% of the material costs come from the U.S.

Belleville offers boot styles that feature a VIBRAM® Foreign Object or Debris Resistant (FOD) outsole.

Indicates that the boot is waterproof.

Indicates that the boot is insulated.

Indicates that the boot's insole board is puncture resistant.

VIBRAM® soles are always produced with three objectives: to guarantee the best performance, the maximum level of comfort and quality over time.

GORE-TEX footwear provides durably waterproof protection that is highly breathable in a variety of climate conditions.

THINSULATE™ insulation by 3M maintains warmth even in damp conditions. This original "warm without bulk" product is not only exceptionally thin but is also extremely lightweight and durable.

HIGH PERFORMANCE ORTHOTIC INSOLE

Advanced Anatomical Design includes a stabilizing contoured heel cup; extended arch support and honeycomb geometric forefoot to provide maximum air circulation. **State-of-the-Art Materials** include advanced EVA resin that forms the heel & mid-foot cradle, Agion® treated anti-bacterial sock liner and high tech EVA/Rubber blend for impact cushioning.

PTO®, POWER TAKE OFF FOOTBED

The PTO® orthotic footbed is a proprietary load-bearing removable insert that uniquely combines the benefits of shock absorbing foam with superior arch support.

HIGH CLEARANCE SAFETY TOES

Each of our high-clearance steel and composite toes meet ASTM F2412-18 and F2413-18 standards for impact & compression.

Design extras, such as padding under and around the safety toe and our flange-anchored construction, provide both increased comfort and safety.

Indicates that the boot is compliant with the Trade Agreements Act.

GORE-TEX, GORE®, and designs are registered trademarks of W.L. Gore and Associates, Inc. VIBRAM®, the Octagon Logo, the Yellow Octagon Logo, and the color Canary Yellow are registered trademarks of VIBRAM S.p.A. 3M and THINSULATE™ are trademarks of 3M Company.

HOW TO CARE FOR YOUR BELLEVILLES

SUEDE LEATHER BOOTS (Coyote)

- ▶ Remove dirt by brushing boots with a soft/medium bristle brush.
- ▶ Using a mixture of warm water and a mild detergent, lightly scrub the leather and nylon fabric with a soft brush to remove any excess dirt.
- ▶ Air dry boots naturally at room temperature. Do not expose boots to direct intense heat (such as a blow dryer) as this can cause damage to the boot.
- ▶ Do not polish.

SMOOTH LEATHER BOOTS (Black & Aviator Brown)

- ▶ Remove dirt by brushing boots with a soft bristle brush.
- ▶ Nylon fabric may be cleaned with a soft brush using warm water and a mild detergent. Do not polish nylon.
- ▶ Apply a light coat of quality polish to the leather and buff to a uniform appearance. Excessive polish may reduce boot breathability.
- ▶ Air dry boots naturally at room temperature. Do not expose boots to direct intense heat (such as a blow dryer) as this can cause damage to the boot.

SIZING TIPS & INFORMATION

All of our boots are available in Men's Regular (R) and Wide (W) Widths, with some styles offering Narrow (N) and Extra Wide (XW) widths as well. Since sizes & widths vary among boot styles, please check individual boot styles for available sizes & widths.

STANDARD WIDTH	BELLEVILLE WIDTH
B	Narrow (N)
D	Regular (R)
EE	Wide (W)
EEEE	Extra Wide (XW)

Unfortunately, not all boot brands fit the same. For this reason, here are a few sizing tips that will help you get a better **BELLEVILLE** fit:

- ▶ **GET YOUR FEET MEASURED USING A BRANNOCK DEVICE.**
- ▶ **GET SOME BOOT SOCKS:** Try on the boots with a pair of boot socks that you will normally wear with the boots.
- ▶ **PLACE & LACE:** It is important that your foot is properly placed inside the boots when selecting a size. Proper foot placement requires that the lace is drawn snug at the bottom of the lacing

system. This will prevent your foot from sliding forward too far and keep your heel properly placed against the back of the boot. To improve the fit of the boot, try loosening or tightening the laces at different parts of the boot until you get the perfect fit.

- ▶ **CHECK THE LENGTH:** Length-wise, when your heel is placed against the back of the boot, you should have a slight amount of room in the front of the boots to wiggle your toes.
- ▶ **CHECK THE WIDTH:** Width-wise, your boots should feel a little snug, but not tight.
- ▶ **TAKE A STROLL:** Walk around inside a carpeted area to see how the boots feel. Make sure your heel stays in place and is not sliding up and down (this can cause blisters).
- ▶ **WOMEN'S SIZES:** Belleville does offer a few boot styles that are specifically manufactured for women. All Belleville style numbers that begin with an "F" indicate a boot specifically designed and sized for women. If a particular style of boot is not available in women's sizes, we recommend ordering the boot 2 full sizes smaller.

RETURN & EXCHANGE POLICY

RETURNS

If for any reason you are not completely satisfied with the boots you purchased **directly** from Belleville Boot Company within 30 days and would like a refund or exchange, contact customer service at boots@bellevilleboot.com to receive a return authorization and instructions for returning the boots. We'll issue a refund for 100% of the price of the boots, excluding any shipping charges. We will cover the cost of shipping an exchange pair to you, however, we do ask that you cover the cost of shipping the original pair to us.

Belleville Boot Company will not issue any refunds or exchanges on boots returned after the 30-day period, or that show any signs of wear or are altered in any way from their original condition. All footwear should be returned with postage prepaid and in its original packaging. COD shipments will NOT be accepted.

Belleville Boot Company guarantees its boots to be free of defects in materials and workmanship for one year from the date of purchase. If a defect in materials and/or workmanship occurs within the one-year period, Belleville will, at its option, either repair or replace the boots.

BOOTS THAT ARE NOT CONSIDERED DEFECTIVE INCLUDE:

- ▶ Boots that show signs of normal wear and tear or are damaged due to excessive wear
- ▶ Boots damaged by improper boot maintenance or lack of maintenance
- ▶ Boots that are of an incorrect size, but have been worn
- ▶ Boots returned after the return / warranty period

All defective footwear received will be inspected to determine eligibility for a refund, exchange or merchandise credit.

Please note: Belleville boots issued to you or purchased from any location other than Belleville direct must be returned to that issuing or selling agent and are subject to that agent's return policy.
